

Subject Guide

The **books** in the library are arranged by **subject** according to the Dewey Decimal Classification. The **class number** is the number on the spine of the book. This guide shows some of the class numbers in different parts of the library which you might find useful. Use the **online catalogue** (<http://library.hull-college.ac.uk>) to find if items are in stock, on the shelves or on loan. It also links to e-books and recommended websites.

Other Useful Resources in the Library
